The purpose behind all academic requirements is to preserve the integrity of the Lewis & Clark College degree. Requirements may be waived or modified only upon approval of the student's adviser, department chair, and dean. Exceptions to requirements are granted only after careful consideration of all the facts and are made with consistency and fairness.

If you wish an exception to a particular requirement, please fill out this form and submit it to your faculty adviser. On this form, identify the requirement or requirements you are seeking to modify or waive and provide a rationale for your request. You should include all pertinent information in your rationale. Your faculty adviser will then follow the steps in the procedure for submitting student petitions for modification or waiver of academic requirements. You will be notified by your adviser, department chair, or registrar regarding the decision of your petition.
