TriMet #39 and connecting routes may be viewed on TriMet's web page at www.trimet.org.

TriMet Trip Tickets

Please refer to [Program Summary](#) for information about fees for TriMet bus trip tickets, and purchase locations.

Freshmen Vehicle Prohibition

Freshmen students of the undergraduate school who live on campus are prohibited from having vehicles on campus. Freshmen students are not permitted to bring cars to campus for registration and/or use by any other students. Freshmen who bring cars to campus under any circumstances without a waiver from the Director of Transportation and Parking are in violation of this campus regulation and subject to parking fines and sanctions by the Dean of Students. Also, sophomore, junior, or senior students who falsely register, under their own names, vehicles brought to campus by freshmen are subject to parking fines and sanctions by the Dean of Students. Vehicles parked on campus in violation of this regulation are subject to towing at the owner's expense.

An application for waiver of the Freshman Vehicle Prohibition may be submitted to the Director of Transportation and Parking and must be accompanied by documentation as required. The Director of Transportation and Parking, at his or her discretion, may grant waivers on the basis of off-campus employment or medical reasons when appropriate documentation is provided.
