THEME FLOORS

The residence halls currently offer six theme floor options. A complete list appears on the back of the Theme Floor Application. The goal of each theme floor is to enhance your academic pursuits and place you with other students who share your interest in a particular theme. You must complete the [Theme Floor Application](#) and return it with your housing contract and this questionnaire if you wish to be considered for participation in a special interest floor.

Lewis & Clark provides an excellent opportunity for some international students to study English as a second language. Those students are particularly interested in living with an American student so that they can immerse themselves in the American language and culture. If your roommate is an international student, from what area of the world would you like him/her to be?

Japan/Other Asian Middle East South/Central America Any country is great!

Although smoking is not allowed inside any residence hall, it remains an important factor on which to match roommates.

Do you smoke? Yes No Sometimes **(Be honest, this is IMPORTANT!)**

Do you mind if your roommate smokes outside your room? Yes No

FLOOR PREFERENCE

Please rank the type of floor(s) which most closely matches your personal preference (1-most prefer, 2-acceptable, or 3-least prefer). It may be helpful for you to know that the majority of floors are coed and have shared restroom facilities. This rating may affect your hall assignment.

Single-sex floor (all female/all male) _____

Coeducational floor (men and women living next door to one another) _____
with single-sex restroom facilities

Coeducational floor with restroom facility shared by both sexes _____
(If a coed floor with shared restroom facility is unacceptable, do NOT include it in your rating.)

In the space provided for each category (Room Care, Bedtime, etc.), please describe your preferences and behavior in each area. We have given you some suggestions that you may use if they "fit."

Room care: Always clean; Clean but not obsessive; Casual; A few clothes lying around; Disaster Area?

Bedtime: What time do you prefer to go to bed? What time do you get up? (Weekdays/Weekends)

Sleeping habits: Snore/sleepwalk or sleep talk; Light Sleeper; Sleep through anything; Windows open; Music on?

My Personality: Shy; Talkative; Mellow; Loud; Perky? What qualities do you hope for in a roommate?

Study habits: Study in room; Must have quiet; Study with music; Late night study?

Musical Preference: What tapes or CD's do you listen to most frequently? At what volume?

Then, by circling a category above, identify the one that is most important to you for roommate selection. Again, honesty is crucial to roommate matching. If you wish to provide additional information, please attach it to this form.
