Priority Mail[®] (Retail)

New for January 17, 2016

USPS Tracking for Priority Mail is FREE.

Weight and Size Limits: Parcels weighing 70 lbs. or less and measuring not more than 108 inches in length plus girth combined can be shipped to any destination in the U.S. using Priority Mail.

Parcels addressed for delivery to zones 1-4 (including local) that weigh less than 20 lbs. and measure more than 84 inches in combined length and girth (but not more than 108 inches) are charged at the applicable zone rate for a 20 lbs. parcel (balloon rate).

Parcels addressed for delivery to zones 5-8 that exceed 1 cubic foot (1,728 cubic inches) are charged based on the actual weight or the dimensional weight (as calculated in Domestic Mail Manual 123.1.4), whichever is greater.

Priority Mail Marking: All packages sent by Priority Mail should be prominently marked "Priority Mail" on side containing address and all other sides.

Priority Mail Packaging: The USPS provides free packaging which can be used for any USPS mail service. If you use the USPS Priority Mail packaging you can calculate rates by weight and destination only (and avoid having to calculate dimensional or balloon rates). Visit The Postal Store[™] on USPS.com to order packaging for your business.

Flat-Rate Priority Services: Special flat-rate packaging is available from the Postal Service. Any amount of material that can be mailed in the flat-rate packaging is subject to a fixed postage rate regardless of weight.
