FITNESS FOR DUTY

If you are out on leave because of your own "serious health condition" please ask your health care provider to complete this form **prior to returning to work**. If leave is for a Pregnancy Disability, this form is due when you are deemed "physically able" to work. Return the original form to Human Resources. If your health care provider notes any restrictions, we will provide a copy of the form to your supervisor so that they can make the appropriate accommodations to help you in your return.

Please note: According to the <u>Lewis & Clark College Family Leave policy</u> the consequence of not providing "Fitness for Duty" form **prior to returning to work** is that your reemployment can be denied.
