

**Department of Economics  
Lewis & Clark College**

**CURRICULUM PLAN  
(Effective 2007-08)**

**Core Courses**

Econ 100 Principles of Economics	Econ 292 Intermediate Microeconomics
Econ 103 Statistics	Econ 291 Intermediate Macroeconomics
Econ 433 Senior Seminar	Econ 303 Econometrics

**Course From Outside the Department:**

One semester of Calculus (MATH 131)

**Major Requirements: Economics**

A minimum of 44 semester credits, distributed among Departmental core courses (Econ 100, 103, 291, 292, 303, 433) and at least 20 semester credits of economics electives. If a student selects a concentration other than general economics, 4 semester credits may be taken outside of the department, as noted below. At least 4 semester credits of electives must be classes selected from within the department offerings at the 300 or 400 levels. Students must have a GPA of 2.0 or higher in courses applied to the major. Those intending to pursue graduate studies in economics or careers as research economists are strongly encouraged to take additional mathematics courses, particularly calculus, linear algebra, differential equations, and statistics.

**Areas of Concentration**

Students may choose between a degree in economics with no concentration or a degree with a concentration in one of the following fields: International, Managerial, Public Policy, or Theory. If no concentration is chosen, all 20 of the student's elective credits must be taken from courses offered within the Economics Department. To qualify for a concentration the student must satisfy the requirements for the major, PLUS, take 4 of their 5 electives in the area of their concentration, which may include one course from outside the economics department.
