Instructor: Cynthia Velasquez - School Psychologist  
Email: Cynthia@lclark.edu

Meeting Place & Time: York Graduate Center Room 107  
May 15th – July 31st  
Wednesday 5:30- 9:00 p.m.

Text: Sattler, Jerome M (2014) *Foundations of Behavioral, Social, and Clinical Assessment*  
Jerome M. Sattler, Publisher, Inc.  San Diego, California
Catalogue Description:
This course is the first of a three-part assessment sequence that addresses prevention, intervention, psycho-educational, social/ emotional and behavioral assessment of children and adolescents from birth through age twenty-one. In this course, the focus is on gaining competency with the skills and tools needed to collect and present data, rating scales, and intervention.

SPSY 541 Assessment and Intervention I
The objective of the course is to develop familiarization with overall procedures of intervention, collection and analysis of information in order to understand individual factors and function in reference to students within a school community. Cultural and linguistic diversity will also be incorporated into the information presented in lecture. Class assignments will focus on working within groups in a collaborative manner to develop questions, team planning and interventions for students. According to the National Association of School Psychologists Standards for Training and Field Placement Programs in School Psychology are based on domains that must be addressed in the course context and structure as follows:

NASP 2.1 Data-Based Decision-Making and Accountability
NASP 2.2 Consultation and Collaboration
NASP 2.3 Effective Instruction and Development of Cognitive/ Academic Skills
NASP 2.4 Socialization and Development of Life Skills
NASP 2.5 Student Diversity in Development and Learning
NASP 2.8 Home/ School/ Community Collaboration
NASP 2.9 Research and Program Evaluation
NASP 2.11 Information Technology

CPSY Departmental Attendance Policy
Class attendance is expected and required. Any missed class time will be made up by completing extra assignments designed by the instructor. Missing more than ten percent of class time may result in failure to complete the class. This would be 4.5 hours of a 45 hour class (3 credits), 3.0 hours for a 30 hour class (2 credits) or 1.5 hours for a 15 hour class (1 credit.) In case of extreme hardship and also at the discretion of the instructor, a grade of incomplete may be given for an assignment or the entire course. In such cases, the work to be submitted in order to remove the incomplete must be documented appropriately and stated deadlines met. Students are expected to be on time to class and tardiness may be seen as an absence that requires make-up work.

Professional Standards:
Students are expected to follow professional standards, including adherence to legalities and ethics. In addition, students need to show a respectful demeanor toward students, parents, professional peers, and others. Students need to be timely in completing work; they must honor class attendance and hours. Department policy is that students may miss one class each semester, with appropriate make-up work, but if two classes are missed, the student is in danger of failing the class. If students miss a class, they need to discuss required make-up work with the instructor. Students are expected to use appropriate professional tools, including technological
tools, as needed and appropriate. Students are expected to be aware of and respect diversity and multicultural issues.

**Students with Special Needs:**
The Student Support Services Office, located in the Templeton Student Center, is a resource for students with disabilities. A variety of services are available through this office according to the particular needs of each student. Students interested in such services may contact the Student Services Office at 503-768-7191. This contact is the necessary first step for receiving appropriate accommodations and support services. Please inform me if you need accommodations in class.

**Assignments:**

<table>
<thead>
<tr>
<th>Assignment 1.) Student File Review Write Up</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Purpose:</strong> The purpose of this assignment is to review a student file in class and develop questions, consider factors and to develop further thoughts in regards to assist the school based team.</td>
</tr>
<tr>
<td><strong>Requirements:</strong></td>
</tr>
<tr>
<td>• A cumulative school file will be reviewed in the classroom setting within a small group</td>
</tr>
<tr>
<td>• The small group will develop questions about the students and respond to questions provided with the file</td>
</tr>
<tr>
<td>• Each group member is responsible for contributing and taking notes about the student which will later be integrated into a final individual paper in regards for the student</td>
</tr>
<tr>
<td>• <strong>The write up will include a description of the student and responses to the following questions:</strong></td>
</tr>
<tr>
<td>• Description of the student</td>
</tr>
<tr>
<td>• Reason for concerns/ areas do you see as initial concerns?</td>
</tr>
<tr>
<td>• What specific areas appear to be a strength or weakness for the student?</td>
</tr>
<tr>
<td>• Are there issues in reference to academic performance or behavioral concerns</td>
</tr>
<tr>
<td>• What is your general hypothesis of the student?</td>
</tr>
<tr>
<td>• What types of questions do you have for the school team?</td>
</tr>
<tr>
<td>• What will be the next steps for the team?</td>
</tr>
</tbody>
</table>

**Paper:** The paper will integrate information about the student and include responses for the above questions and will follow this style of template:

Student Name: Grade:
School: Primary Language:

Background Information: *(Description of Student)*
Reasons for Concerns:
Strengths and Weaknesses:
Academic Performance/ Behavior:
Hypothesis:
Questions:
Suggestions/ Recommendations:
Assignment 2.) Student Case Study/ Behavior Scale Analysis

Purpose of Assignment:
A case study will be provided and students will complete the Behavior Assessment System for Children-2nd edition (BASC-2) questionnaire in class. The purpose of the assignment is to understand how specific behavior scales function and subscale questions are developed in order to understand how they generate results. The final paper will involve a synthesis of the background information, scale results, summary of results and possible suggestions/interventions for the student.

Requirements:
- Review the case study provided and develop questions about student
- Complete and score BASC-2 parent form in class
- Interpret results and how they relate to the case study
- Write report (samples and template provided)

Assignment 3.) Adaptive Scale Scoring and Report

Purpose:
The purpose of the assignment is to understand an adaptive scale and how factors of human development and culture/language contribute to a specific student profile and how to interpret results.

Requirements:
- Review of a case study and determination of possible factors
- Practice Vineland Parent/Caregiver form in class
- Score and review results of the Vineland
- Use the results to analyze information and determine factors
- Write report using information from case study and Vineland results (template provided)

Overview of Course Assignments & Course Grading

<td></td>
<td>100</td>
</tr>
</tbody>
</table>

Grade Calculation: 97-100% = A  
85-88% = B-  
93-96% = A-  
87-84% = C  
89-92% = B

Participation:
Participation in class is paramount and enables us to develop questions and have meaningful discussions about topics you will encounter as school psychologists. When we have discussions
we take issues that we have learned in class and are able to develop more depth in our learning. I expect students to develop questions, consider multiple perspectives, and challenge issues.

Note: This schedule is provided as a guide and may be subject to change.

**Proposed Schedule of Classes**

(Reading chapters refer to the Sattler book unless otherwise noted.)
