

**CASEY  
EYE INSTITUTE**  
Oregon Health & Science University

*Our vision correction experts are on the leading edge of eye care. Professors at Casey Eye Institute introduced laser vision correction to the Pacific Northwest in 1994, and were the first to offer "all laser" LASIK.*

*Exclusive offer to Lewis & Clark College active employees and spouses:  
**Save 20% off regular vision correction fees at Casey Eye Institute.***

#### **A name you can trust**

They're your eyes, and you want the best. Casey Eye Institute doctors are highly trained cornea specialists, experienced in vision correction. And now, you can save 20% on laser vision correction at Casey Eye Institute.

#### **Experience you can see**

As leaders in this field of eye care, the Casey Vision Correction Center team trains doctors from all over the world in LASIK and PRK. Our doctors also lecture internationally on LASIK and laser vision correction. We are committed to using the most technologically advanced equipment and techniques to offer safe and effective results to our patients.

#### **Financing Available**

Laser vision correction is eligible for use of flex spending funds; in addition we offer financing options through Care Credit Financing. Applications are available on our website.

#### **Education Opportunities**

Our laser vision correction specialists offer monthly seminars at the Casey Eye Institute campus, MacDonald Auditorium, 3375 SW Terwilliger Blvd. Presentations are followed by a question and answer session so you can be sure to get your questions addressed. Find the list of seminar dates on our website.
