

First Amendment Defense Act

Tell Your Congressman to Support the First Amendment Defense Act Today

Utah Senator Mike Lee has introduced his finalized version of the First Amendment Defense Act (FADA). FADA would ensure a continuation of religious pluralism and protect Orthodox Jews, Evangelical Christians, Catholics, Muslims, and others whose faith supports marriage between one man and one woman from government discrimination.

Already, the enemies of religious conscience on the Left are lining up to defeat this legislation. Expectedly, the New York Times editorial board has called FADA “nasty” and declared it “Anti-Gay Bigotry.”

The fact is, FADA is important legislation that would ensure conscience rights to countless Americans and religious institutions. Given our First Amendment rights, FADA should not even have to exist, but in the current political environment – where everyone from bakers to religious schools are in the cross-hairs after the Obergefell decision. FADA is must pass legislation.

We need you to contact your Member of Congress and ask them to co-sponsor and support the passage of FADA. You can email your Member of Congress below.

Dear Representative,

I am writing to you today to ask that you support the First Amendment Defense Act (S. 1598, H.R. 2802), introduced by Sen. Mike Lee and Rep. Raul Labrador. This important piece of legislation would protect the First Amendment religious conscience rights of those American who believe that marriage is between one man and one woman, without impeding the rights of Americans who might disagree. FADA protects pluralism, and continues the practice of religious tolerance that this country was founded on. I encourage you to become a co-sponsor to FADA and help pass this much needed legislation.

Sincerely
