

STUDENT EMPLOYEES: TIME ENTRY

Student Time Entry should be completed by the 20th of the month, for all hours worked in the month. This means that student employees will need to project time worked from the 21st of the month to the last day of the month, and submit that time for approval by the 20th of the month. Corrections/adjustments will need to be made retroactively in the next month after time sheets open up on the first of the month. Supervisors should approve time entry by the 20th of the month.
