Are you willing to move to an alternate residence hall to get a single room? [gu*****P q

Please let us know the specific circumstances you believe warrant an assignment to a single room. If you have a medical or psychological reason, a doctor's written verification would be useful. Please complete this form and return it with your Residence Hall Contract at the Housing Lottery on Thursday, April 9, 2009. *Please note that singles are awarded based on seniority and special circumstances. Lottery numbers for single rooms will be used when two or more students "competing" for a single room have similar seniority and situations. **Completion of this form does not guarantee an assignment to a single room.***
